9wood.com/fast_track

DIVISION 9 ENGINEER-TO-ORDER WOOD CEILING

The 9Wood Fast>Track program ships material in 3-6 weeks. With over 100 product combinations, shop drawings within one week, and a flexible approvals process, you can tailor your Fast>Track project to meet your design intent...and schedule.

The finishing touch? Your ship date is guaranteed. Here's how it works:

1. You release 9Wood for fabrication via a signed agreement confirming your product and quantities.

9Wood promises your ship date.

2. You provide the specified payment two days prior to the promised ship date.

9Wood ships your order when promised.

The Guarantee: If your order ships after the day promised, 9Wood will refund 5% of the shipment's value for every business day late. The refund will automatically show on your invoice, hassle-free. That's it. No fine print.

The same 9Wood quality product, but faster...guaranteed. Ask your local independent rep how Fast>Track can deliver on your project's design intent and schedule.
